My Rotaract journey began in RY 2022/23 out of curiosity and a desire to step out of my comfort zone. Starting as a general member, I discovered the power of teamwork and service. In RY 2023/24,

I served as the Professional Development Director, where I organized events that encouraged personal and professional growth. Currently, as Club Administration Chair for RY 2024/25, I support internal operations, fostering communication, coordination, and a welcoming environment. A highlight of my journey is contributing as a content writer for the Zonal Booklet. I'm thankful to ZRR Subina Di for the opportunity, it helped me grow creatively and connect across clubs.

Rotaract has shaped me into a more confident, communicative, and committed individual. It's not just an organization, it's a platform for growth, leadership, and lifelong connections. I may not know many people in rotaract, but those who know me see my dedication, kindness, and enthusiasm.

I am Rtr. Abhishek Kumar Pandey, and I began my Rotaract journey in Rotary Year 21/22 as a General Member. Over the years, I have had the privilege to serve as Public Image Chair in RY 22/23, Sergeant at Arms in RY 23/24, and currently as IT Chair in RY 24/25. Each role has provided me with valuable opportunities to develop leadership skills, enhance my communication, and deepen my commitment to service. I am also proud to have contributed as the graphic designer of this booklet, which reflects our collective dedication and spirit.

Through my involvement, I discovered my passion for connecting with people and using creativity to make a meaningful impact. Initially an introvert, Rotaract has helped me grow into a confident extrovert, embracing challenges and engaging actively with the community. I am grateful for the support of Subina Dee and look forward to continuing my journey of growth and service.

A Journey of Purpose, Passion, and People

First of all, I sincerely thank the entire team of Zone 7 for giving me the opportunity to share my Rotaract journey one that began with curiosity, grew through passion, and now continues with purpose.

My journey started in 2009 as a young individual filled with hopes of doing something meaningful for society. On 27th April 2010, the Rotaract Club of Manohara was chartered, marking not just the birth of a club but the beginning of a lifelong commitment. I poured my heart into the club, and in return, it gave me a family. I had the honor of serving as Club President for two consecutive years (2013/14 and 2014/15). Those years taught me not only how to lead but also how to listen, care, and serve selflessly. In 2017-18, I took on the role of Zonal Rotaract Representative (ZRR) of Zone 5, where I worked to connect clubs, address challenges, and celebrate achievements. The following year, as District Club Service Director, I continued to help strengthen our vibrant community.

In 2019, I entered the Rotary family through the Rotary Club of Rudramati. I served as Club Sergeant-at-Arms (2019-20) and later as Club Secretary (2020-21), gaining new perspectives on collaboration and service.

Then came the most meaningful chapter 2023-24 the year I had the privilege of serving as District Rotaract Representative of Rotaract District 3292. Leading the district that raised and mentored me was an honor I carried with pride. With the theme "Integrating Rotaract, Upholding Fellowship," I focused on strengthening unity, trust, and impactful action. I've always believed in spreading positivity and building strong bonds the brotherhood and sisterhood that make Rotaract more than just a movement. For me, Rotaract is home where hearts connect, hands work together, and dreams come alive. No matter what title I hold, I will always stand with this movement. Once Rotaract touches your soul, it stays with you forever.

The motto "Fellowship Through Service" has empowered countless youth leaders, changemakers, and peacebuilders. To every young person with a dream Rotaract is waiting for you. To every Rotaractor carrying the torch thank you. Your passion, your consistency, and your love are what keep this movement alive. Let us keep moving forward hand in hand, heart to heart.

Jay Rotaract. With love and respect always,

I am Rtr. Subina Kuickel, currently serving as the Zonal Rotaract Representative (ZRR) for Zone 7. With a strong passion for leadership and service, I've been actively involved in Rotaract to create meaningful impact. I served as the President of the Rotaract Club of Sankhu in RY 2023/24 and am honored to be the Charter Vice President of the club. Our club now proudly stands with four presidents who continue to carry the legacy forward.

Hailing from the culturally rich and community-centered town of Sankhu, I've learned the value of hard work, humility, and selfless service from a young age. My hometown's culture and spirit of community service have deeply influenced me they taught me to focus on action rather than attention, and that true leadership is shown through consistent efforts, not words.

I've never been drawn to politics or spotlight I genuinely love to work and believe in making an impact quietly but powerfully. Everything I've learned from my community, I reflect in my work within Zone 7 and the Rotaract District.

I strive to represent my zone across other zones and the district, and I am committed to taking it to greater heights through teamwork, passion, and dedication.

Rotaract continues to be a source of growth and purpose for me. I truly enjoy every moment, and I believe deeply in the motto "Serve by Heart."

Beyond Rotaract, I find joy in traveling, meeting new people, and exploring different perspectives that help me grow as a person and a leader.

As the Rotaract year 2024/25 comes to an end, I look back with deep appreciation and pride at the journey we've taken together as Zone 7. Serving as the Zonal Secretary has been a meaningful experience, filled with teamwork, learning, and shared purpose. I also had the honor of serving as the Vice President of the Rotaract Club of Kathmandu West. This year reminded me that real impact happens when we move forward hand in hand, as one collective.

Throughout the year, I had the opportunity to work closely with clubs across our zone. From joint initiatives to regular communication, our focus was always on collaboration. Zone 7 has shown that we are stronger together. Each club brought its own unique energy to the table, yet we were able to unite those differences into one common vision. I witnessed how collective effort can achieve more than individual actions ever could. The events, projects, and discussions we had were not just about ticking boxes, they were about building a shared spirit of service.

Rotaract is not just about leadership roles or titles. It's about the people, the purpose, and the progress we make together. To every President, Secretary, and member who stood by their responsibilities and contributed with dedication, I extend my heartfelt thanks.

Let us carry forward this sense of unity into the years ahead. While we may pass on our roles, the impact we leave behind will continue to inspire.

Rotaract Club of Kathmandu West

A Journey of Growth and Gratitude. The Rotaract Club of Kathmandu West has become more than just a name, it is a feeling of warmth, connection, and purpose. For the past 18 years, the club has been dedicated to serving communities while fostering an environment where members are encouraged to grow, lead, and create lasting impact.

It is a space where individuals are nurtured and empowered to become the best versions of themselves. My journey with Rotaract began in 2019 as a proposed member. I was a shy and introverted girl, eager to break free from my comfort zone and discover more about myself. Little did I know that joining this club would be a turning point in my life. Over the years, I found not only a platform for service but a community that believed in me and helped me grow into the person I am today. From stepping into my first meeting with uncertainty to now standing confidently as the President of the club, the transformation has been both humbling and empowering. My roles as Proposed member, General Member, Community Service Director, Secretary, Vice President and President taught me valuable lessons in leadership, responsibility, and teamwork. Every opportunity, challenge, and experience has helped me evolve into a more confident, compassionate, and purpose-driven individual. These six years have been nothing short of life changing. Rotaract has given me more than just positions or responsibilities, it has given me a voice, a family, and a lifelong commitment to service. I am deeply grateful to this incredible fraternity for shaping my personal and leadership journey, and for inspiring me to continue making a difference. Serving as President of the Rotaract Club of Liberty College for RY 2024-25 wasn't just a role it was a turning point that challenged my spirit, deepened my empathy, and changed the way I see the world.

Rotaract Club of Sankhu

Serving as the President of Rotaract Club of Sankhu for the Rotary year 2024–25. I joined Rotaract in 2020 and began my leadership journey as Vice President during the 2020/21 term.

Rotaract has been a life-changing experience for me helping me grow as a leader, serve my community, and build meaningful friendships. As an entrepreneur, I've always believed in action and impact, and Rotaract has been the perfect platform to contribute toward positive change.

This year, my focus is on collaboration, empowerment, and sustainable service. I am grateful to all past leaders and members who have shaped this club, and I look forward to continuing our legacy with dedication and unity.

RTR. Amit KC

Rotaract Club of Sankhu

The Rotaract Club of Sankhu successfully completed a transformative year marked by impactful service, community engagement, and leadership development. Key initiatives included a Tree Plantation Drive with over 300 trees, health-focused awareness sessions, and specialized camps such as Free Eye Check ups, Dental Care, and Blood Donation programs.

A major highlight was the Free HPV DNA Testing and Cervical Cancer Screening Camp, which significantly supported women's health in the community. These activities not only addressed critical social and health issues but also empowered our members with essential skills and deeper empathy. Strengthened by unity and shared purpose, we also promoted fellowship through meetings and cultural celebrations.

We now look ahead with renewed passion to continue creating meaningful and lasting change.

RTR. . Rajay Bajracharya
President-2024/25
Rotaract Club of Sukedhara

Joining the Rotaract Club of Sukedhara was a turning point in my life. As someone introverted and new to social service, I was drawn in by a simple message to my friend Rajesh Parajuli. One trip—the Rotaasha Library campaign to Dolakha—changed everything. Beyond distributing books, the journey to Kalinchowk and Sailing showed me the real spirit of Rotaract: connection, purpose, and growth.

Becoming Club President after serving as Zonal Secretary came with challenges—lack of active members, no venue, and poor documentation. But with a committed team, we turned things around. We conducted 80+ events, published 100+ reports, established our first international twin club, completed district grants, and became Nepal's first Eco Action Rotaract Club.

I'm grateful to my team—Mohit, Sejeena, Sushovan, Prasanna, Krish, and mentor Chandra Bhakta Adhikari—for their dedication. Together, we've built a legacy and foundation for future leaders to thrive.

RTR. Sushovan Shakya

Now, as the President for the Rotaract Year 2025–26, I am honored to lead a dynamic club that has always prioritized impact and innovation. I look forward to fostering a culture of collaboration, professional development, and sustainable service, while empowering our members to lead with empathy and integrity. RAC Balkumari

TAKE URGENT ACTION TO COMBAT CLIMATE CHANGE AND ITS IMPACT

From 10th to 13th November, the Rotaract Club of Balkumari spearheaded a multi faceted Climate Action Initiative across Kapilvastu district, delivering tangible environmental education and action through three interconnected programs.

Phase 1 (10th November): Community Led Tree Plantation Partnering with the Manakamana Samudayik Ban Upobhokta Samiti and Manakamana Bidhya Pith, RAC Balkumari mobilized 30 participants – including youth, village representatives, and forest officials to plant 40 seasonal saplings. Though November presents growth challenges, this symbolic act strengthened community ownership of reforestation efforts while highlighting climate resilience needs.

Phase 2 (11th November): Climate Awareness Workshop at Horizon English Boarding Higher Secondary School, 110 grade 9 students and 8 teachers engaged in an interactive presentation on urgent climate action. The session fostered a deep connection, with students demonstrating exceptional enthusiasm to translate knowledge into school-level sustainability projects.

Phase 3 (11th- 13th November): Essay Competition. The capstone "Climate Action" essay contest saw 45 participants from classes 8-10, with 16 finalists showcasing exceptional understanding of local climate challenges. Winners Sandesh Sen (1st), Surendra Neupane (2nd), and Subisma Panthi & Prabesh KC (3rd) were celebrated for their innovative solutions, marking the program's educational impact. By combining hands on action (plantation), youth education (workshop), and creative expression (essays), RAC Balkumari addressed SDG 13 (Climate Action) holistically. The overwhelming participation from schools and communities underscores the growing demand for localized climate leadership.

RAC Liberty College

SHARING LOVE 4.0

Among all the incredible memories and milestones we created this year, one that holds a deeply special place in our hearts is our flagship and signature event "Beats of Warmth: Sharing Love 4.0."

Now in its fourth year, Sharing Love has grown far beyond just being a project; it has become a heartfelt tradition, a reflection of who we are as a club. Initiated with a simple yet powerful goal of spreading warmth and compassion during the coldest months, this initiative has evolved into a movement of empathy, unity, and lasting impact.

"Beats of Warmth," our pre-charity musical evening, added a soulful rhythm to this year's edition. Hosted at Green House Restaurant, Mid-Baneshwor, the evening came alive with music, laughter, and shared purpose. Aligned with the Rotaract District theme for RY 24/25 "Rise Together: Empowering Unity," we were honored to have collaborating clubs RAC Bhadgaon, RAC Kathmandu Metropolis, RAC Balkumari, RAC Reliance College, and RAC Kathmandu North East, all joining hands and hearts to support this cause. It wasn't just an event; it was a celebration of togetherness, proving that when we unite, we amplify our impact.

With the support raised through Beats of Warmth, the essence of Sharing Love 4.0 was brought to life at New Nepal Samaj Kendra, Balkot, where we spent a meaningful day donating essential items, sanitary pads, and daily necessities to those in need. More than the material donations, it was the time, attention, and love we shared that truly made the difference. Sitting beside them, hearing their stories, and simply being present reminded us of the real purpose of service: human connection.

What makes Sharing Love so impactful is not just the aid we offer, but the emotions it stirs. Over the years, we've seen how a simple act of kindness can bring warmth to a forgotten heart, and how a shared moment can stay with someone long after the winter ends. We've shared countless smiles, hugs, and even tears these are the true gifts of this initiative.

As the years go by, Sharing Love continues to stand as the heartbeat of the Rotaract Club of Liberty College a project that defines not just our club, but our identity. It reminds us that even when life gets overwhelming and cold, there's always room for warmth and we, as Rotaractors, will always be the ones to share it.

BREAKING BARRIERS, BUILDING DIGNITY: EMPOWERING GIRLS THROUGH MAKING AND DISTRIBUTION OF REUSABLE MENSTRUAL PAD

Rotaract Club of Sukedhara | RI District 3292

In collaboration with the Rotary Club of Nagarjun | Supported by District Grant

A Project Rooted in Dignity, Sustainability, and Empowerment

Our club is known to be a service oriented club, we prefer to actually provide service to our community and have an impact in society instead, of enjoying ourselves. We choose this project to showcase our club because it capsulates a very fruitful 3 day workshop we gave to the children of Shree Hira Devi School to 32 students about the use of recyclable menstrual pads, along with the education on dignified menstruation and menstrual hygiene along with basics on WASH Sanitation.. The Rotaract Club of Sukedhara, with support from the Rotary Club of Nagarjun and a District Grant, orchestrated a three-day initiative that was as practical as it was transformative.

Held from April 5–7, 2025, at a Shree Hira Devi School, the "Making and Distribution of Reusable Menstrual Pads" project was more than an educational drive—it was a mission to shatter stigma, educate young minds, and champion sustainable solutions in menstrual health.

Day 1: Breaking the Silence

The program was initiated with an opening ceremony in the presence of the ward office representative, school representative and our Club's president Rtr.Rajay Bajracharya who opened with open hearts and open minds. With 32 students in attendance, the first day set the tone: this was a safe space where menstruation was no longer a taboo, but a natural conversation. Through engaging sessions, students learned about the biology of menstruation, the menstrual cycle, and the power of womanhood. For many, it was their first time hearing facts instead of fables—and it changed everything.

Day 2: Hygiene, Health & Hope With 32 participants, Day 2 took a deep dive into menstrual hygiene and personal well-being. Myths were dismantled with science, and the girls were empowered with practical guidance. Facilitators being Ms. Prajita Subedhi and Mr. Chandra Bhakta Adhikari brought warmth and clarity to sensitive topics, promoting healthy practices at both school and home. Students also received Menstrual Hygiene Management (MHM) kits, including eco-friendly reusable pads, undergarments, soap, and ziplock bags—all packed in a cheerful school bag. These kits not only provided tools, but also dignity.

Day 3: Stitching Strength into Fabric The final day was hands-on, literally. A practical session in Melamchi Municipality guided students through the process of making their own reusable sanitary pads. Under the guidance of Trainer Ms Prajita Subedi and Rtr. Chandra Bhakta Adhikari with Team Rtr Rajay Bajracharya, Mahendra Shrestha, Praman Shrestha and Mr. Prabhu Ram Sapkota, 32 girls crafted not just pads—but we shattered their traditional concepts of taboos of menstruation, breaking them free from the chain of Sins and Taboo. The students were taught to make their own pads, freeing them from the costly patterns of monthly commercial pads.

Empowerment Through Education: A Ripple Effect

This program wasn't just about periods—it was about power. By equipping girls with knowledge, practical tools, and a supportive environment, the Rotaract Club of Sukedhara helped foster a generation of young women who will lead change in their schools, families, and villages.

The sessions also extended to parents and teachers, ensuring the impact wasn't isolated. Through orientation on legal frameworks, the abolition of Chhaupadi, and the roles of schools in menstrual health, the program laid the groundwork for lasting cultural change.

WASH and Wellness: The Bigger Picture

For a broader mission—promoting WASH (Water, Sanitation, and Hygiene). Students learned not only about menstrual health but also about oral hygiene and daily sanitation, reinforcing healthy habits that touch every aspect of life.

Looking Ahead: A Model Worth Replicating

We choose to showcase this project in our zonal Magazine of Zone 7 because this project was a true pivotal point for our clubs history, as it was the first project that was a District Grant that we successfully completed, A project critically acclaimed by being awarded in the UGRAM awards and the a service project that dealt with removing social taboos, uplifting society and empowering women alike. Local leaders, including Ward 10 Chair Mr. Amrit Khanal, praised the initiative and pledged support to expand the reach. Rotaract Club of Sukedhara stands proud of this effort, not just for what it accomplished, but for what it represents: a future where every girl understands her body, holds her head high, and walks with confidence—every day of the month.

Because dignity should never be a privilege. And periods should never be a problem.

Rotaract Club of Tripureswor (ICYEP)

The International Cultural Youth Exchange Program (ICYEP) between the Rotaract Club of Tripureswor (Nepal) and the Rotaract Club of Mumbai Nova (India) brought together three members from each club for a meaningful cultural and service-oriented experience in both countries. The program fostered cross-cultural understanding through exposure to diverse traditions, heritage, and cuisines, while strengthening fellowship through joint meetings and shared activities. Participants engaged in impactful community service projects and gained leadership insights through interactions with club and district leaders. The exchange created lasting memories and laid a strong foundation for future collaboration between the two clubs.
